expansion of contractor-owned facilities or the acquisition of fixed assets. However, under loan guarantees, exceptions may be made for—

- (1) Facilities expansion of a minor or incidental nature, if a relatively small part of the guaranteed loan is used for the expansion and the contractor's repayment would not be delayed or impaired; or
- (2) Other instances of facilities expansion for which contract financing is appropriate under agency procedures.
- (b) The limitations in this section do not apply to contracts under which facilities are being acquired for Government ownership.

32.106 Order of preference.

The contracting officer must consider the following order of preference when a contractor requests contract financing, unless an exception would be in the Government's best interest in a specific case:

- (a) Private financing without Government guarantee. It is not intended, however, that the contracting officer require the contractor to obtain private financing—
 - (1) At unreasonable terms; or
 - (2) From other agencies.
- (b) Customary contract financing other than loan guarantees and certain advance payments (see 32.113).
 - (c) Loan guarantees.
- (d) Unusual contract financing (see 32.114).
- (e) Advance payments (see exceptions in 32.402(b)).

[48 FR 42328, Sept. 19, 1983, as amended at 60 FR 49711, Sept. 26, 1995; 65 FR 16279, Mar. 27, 2000]

32.107 Need for contract financing not a deterrent.

- (a) If the contractor or offeror meets the standards prescribed for responsible prospective contractors at 9.104, the contracting officer shall not treat the contractor's need for contract financing as a handicap for a contract award; e.g., as a responsibility factor or evaluation criterion.
- (b) The contractor should not be disqualified from contract financing solely because the contractor failed to indicate a need for contract financing before the contract was awarded.

32.108 Financial consultation.

Each contracting office should have available and use the services of contract financing personnel competent to evaluate credit and financial problems. In resolving any questions concerning (a) the financial capability of an offeror or contractor to perform a contract or (b) what form of contract financing is appropriate in a given case, the contracting officer should consult the appropriate contract financing office.

32.109 Termination financing.

To encourage contractors to invest their own funds in performance despite the susceptibility of the contract to termination for the convenience of the Government, the contract financing procedures under this part may be applied to the financing of terminations either in connection with or independently of financing for contract performance (see 49.112–1).

32.110 Payment of subcontractors under cost-reimbursement prime contracts.

If the contractor makes financing payments to a subcontractor under a cost-reimbursement prime contract, the contracting officer should accept the financing payments as reimbursable costs of the prime contract only under the following conditions:

- (a) The payments are made under the criteria in subpart 32.5 for customary progress payments based on costs, 32.202–1 for commercial item purchase financing, or 32.1003 for performance-based payments, as applicable.
- (b) If customary progress payments are made, the payments do not exceed the progress payment rate in 32.501–1, unless unusual progress payments to the subcontractor have been approved in accordance with 32.501–2.
- (c) If customary progress payments are made, the subcontractor complies with the liquidation principles of 32.503–8, 32.503–9, and 32.503–10.
- (d) If performance-based payments are made, the subcontractor complies with the liquidation principles of 32.1004(d).
